About Graymont

Graymont's Pilot Peak plant is one of the most modern and efficient lime plants in North America. The stone is quarried immediately adjacent to the plant, crushed to size and conveyed directly to the preheater kilns.

The plant is located 15 miles west of Wendover, NV. Accommodation considerations will be given to employees commuting from out of town. Positions will be eligible for full competitive pay and benefits package including health, dental, 401k, and holiday/vacation pay.
